

THE CAR

One of the later creations by Maranello is able to release a power greater than other Ferraris, thanks to the newest 7-speed dual-clutch electro-hydraulic gearbox. You'll feel the force of the 570 horsepower in only a few seconds!

The Ferrari 458 Italia can go from 0 to 100 km/h in less than 3.4 seconds. The peak speed of over 300 km/h is down to the aerodynamic Formula 1 additions, the impact of which is automatically adjusted according to the vehicle speed.
